➢ Defining the geographic parameters we wish to serve

➢ Defining the *kind* of service or support you wish to provide:
>   Monetary support
>   Physical support (driving, delivering, assisting)
>   Moral support – Stephen ministry

➢ Defining your resources: this can be a *major* challenge for summer-only churches

➢ Defining the community needs:
>   Mental Health
>   Substance use disorders
>   Domestic violence/social services
>   Food insecurity
>   Transportation
>   Housing
>   Educational Supplies
>   Employment/job interview; small business
>   support
>   Isolation of the elderly
>   Veteran support
>   Indigenous peoples/First nations support

➢ Defining how to include or exclude various community support efforts

➢ What kind of community involvements best reflect our Episcopal ethic?
